Case No.2:06CV00242

The Honorable Dale A. Kimball and Samuel Alba

I had hearing August 15,2006. Judge Samuel Alba didn't make any decision on my case. He told I should get it in 10 days. He told, this decision will have basic explanations for further moving on my case. During hearing, I stressed, Ebay inc. broke up (without my permission) 'agreement'(Ebay put it in automatic registration without real signing by parties), and **after** (**'agreement'** was invalid this time) Ebay inc. made most destroyable actions against my civil rights, because it demonstrated its anti-ethnic and anti-national policy, which based on mutual financial interests with another defendants. Ebay destroyed my reputation and human dignity. I hope to restore them in your court.
My case isn't based on agreement, that's why if you decide to put venue in California, I'd like to get detail explanations.
Today August 25,2006 I still didn't receive any paper from court. I'd like to know your decision on my civil rights case.
